

## THEY FIGHT AGAIN.

### BATTLE TAKES PLACE BETWEEN GUAMAS AND MELONES.

Guamas, Guzman and Pineda and Fifty Private of the Spanish Forces Reported Killed—Plantations Burned—Barracks in Command.

Havana, Aug. 4.—A hot engagement is reported to have taken place between Guamas and Melones in the district of Manzanillo, in the province of Santiago de Cuba, in which the percentage of loss suffered by Spanish troops was exceedingly heavy.

The official report gives the number of Spaniards as 300 regulars pitted against 4,000 insurgents.

The official report further states that 400 Spaniards and Pineda of the Spanish forces were killed, together with fifty private.

Col. Maroto had a fight with the band of Sanguinelli on the plantation of Condado, province of Matanzas. The insurgents lost eleven killed and took many fire arms.

The troops had two officers and nine soldiers wounded.

Insurgents have burned the splendid plantation of San Juan in the province of Matanzas, causing a damage estimated at \$100,000. Jaime Hernandez Rodriguez has been sentenced to death.

The insurgent leader Sartoris has succeeded to the command of the band formerly led by the late Gen. Zayas.

A train has been fired upon at Tassara, in Pinar del Rio.

The lieutenant of the escort and one soldier were killed and eleven were wounded. The insurgents, who were led by Blandras, left eight killed, and carried away a large number of wounded.

The insurgent bands are concentrating near the southern portion of the trocha, and it is reported that they intend to attack it before long.

### Whole Family Murdered.

Providence, R.I., Aug. 4.—News was received here at daylight yesterday morning of a horrible family butchery near Clay, eight miles west of this place.

Tom Brown, an insane husband, 59 years old, and a farmer, terribly butchered his family, consisting of a wife, mother-in-law and baby, Sunday night about 12 o'clock, using an ax. His mother-in-law, Mrs. Cash, was beaten with the poll of the ax, while his wife was chopped with the blade. The baby was beaten in the face and head, presumably with the clinched fist of the infuriated mad man and father.

After the terrible atrocity had been committed, Brown went to the house of Mr. Blair, his nearest neighbor, and told him what he had done, and asked Mr. Blair to shoot him, that he desired to die also.

While the victims of this mad man's rage were not killed outright, no hope is entertained for their recovery. Messengers were dispatched to this place for additional medical assistance, who left for the scene of the tragedy.

Brown is of a feeble-minded family. He is in custody, a pitiful wretch and bewailing his condition, but not divested of sufficient reason to realize the enormity of his crime.

### A Mysterious Case.

Atlanta, Ga., Aug. 4.—John Cushman, of Brooklyn, was arrested here Sunday night by R. A. Smith, claiming to be a Brooklyn detective, who said Cushman had on July 2 murdered Mrs. O'Donnell and two daughters at No. 82 Green Point avenue, Brooklyn, and there was a reward of \$1,500 offered for Cushman. Smith said he had followed Cushman since July 2.

New York, Aug. 4.—Deputy Superintendent of Police McKellar and Detective Sergeant Reynolds, of Brooklyn, when questioned in regard to the arrest of John Cushman at Atlanta, for murder, said: "If Mrs. O'Donnell and her two daughters were murdered at 82 Green Point avenue at any time in the last ten years we know nothing of it. Such a thing never occurred. As to our wanting a man named Cushman, we know nothing of him, and do not want him. The man Smith, who says he is a Brooklyn detective, must be a little off. We have only one detective Smith here, and he is at present in Brooklyn."

Inquiries in Green Point and Long Island City by the Brooklyn police failed to throw any light on the matter.

### Race Horses Hurt.

Indianapolis, Ind., Aug. 4.—A wreck yesterday morning at 5:30 at North Indianapolis on the Big Four road caused a parlor car for horses, containing the string belonging to J. E. Bush of Louisville, to upset, and every horse so much injured that it is thought none will ever race again. The value of the stable of horses is said to have been \$60,000. Four men were hurt, but not seriously.

### Lock Opened.

Sault Ste. Marie, Mich., Aug. 4.—The new 800-foot lock was officially opened yesterday at 10:30, when Revenue Cutter Andrew Johnson and river and harbor improvement steamer Hancock were docked through. No official programme marked the opening of the largest lock in the history of the country. The lock was commenced in 1889. It is 800 feet in length in length over all, 45 feet high, 300 feet wide, and will accommodate boats drawing 21 feet of water.

### Strike Becoming Serious.

Cleveland, O., Aug. 4.—The labor situation in this city is again in a critical stage. One hundred and fifty non-union men went to work at the Brown hoisting works yesterday morning. They were guarded by four companies of militia and a large force of police. A big crowd of union men were present, but no outbreak occurred. The police and soldiers kept the strikers moving and would not allow them to stand in one place more than a few minutes.

The big sympathetic strike movement which has been threatened ever since the strike at the Brown company works began eleven weeks ago, was inaugurated yesterday morning. Eighty-seven men employed by the Van Wagner & Williams company, hardware manufacturers, laid down their tools and walked out of the works. The men said their only grievance was sympathy for the Brown hoisting company's men, and the employees of other concerns would soon follow their lead. Committees were sent to other factories along the lake shore to notify the men they were called out on a strike.

One of the leaders of the Van Wagner strikers said they would demand of Mayor McKisson that non-unionists be dismissed, and if this was refused, the strikers would arm themselves and compel the non-unionists to give up the weapons by force if necessary.

Director of Police Abbott ordered another company of militia to the Brown works, making five companies in all. The director said he had received private information which satisfied him the condition of affairs was more serious than was apparent on the surface.

A crowd of union men gathered at the corner of Hamilton and Holden streets, and when ordered to disperse, they refused to do so. Lieut. Thompson and a squad of police charged on the crowd and took into custody several of their number. They were taken to the second precinct station, charged with violating the sidewalk ordinance. A big crowd followed the police wagon through the streets and more arrests were threatened, but none made.

### Diamond Thief Arrested.

Chicago, Ill., Aug. 4.—A World's fair diamond thief was brought to justice yesterday. She is Mrs. Julia Houston, and has promised to take the sheriff where she has hidden \$4,000 worth of diamonds stolen from Banker Mackey, of London. All but a ring will be recovered for the foreigner. The woman's arrest brings to a successful end a case which has baffled the police for three years. Mackey attended the World's fair as a representative of the principality of Monaco. He took apartments at a fashionable boarding house kept by Mrs. Houston. One morning his jewels were missing. Mrs. Houston was arrested on suspicion, but there was no evidence against her and she was released. The banker returned to London, and the search for the jewels ceased. A few months ago the suspected woman's neighbors noticed that she wore a handsome diamond brooch. The police were notified, and they sent word to Mackey. Evidence was collected, and as a result Mrs. Houston was indicted by the last grand jury on the charge of larceny.

### To Aid the Cubans.

New York, Aug. 4.—Having as its aim the care of the sick and wounded in the Cuban war, the Oscar Primrose club has been organized in this city. Concerning the club and its objects, the statement was given out yesterday at the Cuban headquarters says in part as follows:

"The Spanish government, against all principles of humanity, has forbidden the Red Cross to penetrate into the Cuban camps. This club will endeavor to take its place and care for the suffering and dying in the Cuban ranks."

It is pointed out that the Cuban army is generally in need of quinine, and an appeal is made for medicines of all kinds, surgical instruments and physicians' supplies. It is claimed by the Cubans that such contributions are not barred by President Cleveland's proclamation.

### Bark Burned.

Philadelphia, Pa., Aug. 4.—The news of the abandonment at sea of the British bark Flora H. Stafford, which had caught fire, presumably through spontaneous combustion, together with the fact that part of her crew is still missing, was contained in a cablegram received here yesterday by Capt. John T. Smith, who owns a quarter interest in the ill-fated vessel. Capt. Smith's brother, Oscar, was in command of the ship, and is thought to be among those saved. The Flora H. Stafford, laden with 2,000 tons of coal, made sail from New Castle, New South Wales, April 22, for Manila, and was abandoned in flames June 3 in latitude 69 north, longitude 13 east. As far as can be learned, all but four of the crew of twenty have been accounted for, and the missing men have no doubt perished.

### Stroke Case.

St. Louis, Mo., Aug. 4.—Dr. Jordan, chief dispensary physician, made a report yesterday, showing that during the hot spell last week 135 cases of strokes were treated at the dispensary. Of this number eighteen are known to have resulted fatally. This does not take into account the number of cases treated at the homes of the victims. There were a large number of these cases, several of which were fatal.

Twenty-five houses burned at Grass Valley, Cal., recently.

## MOVEMENT OF TROOPS.

### MAROTO HAD A FIGHT WITH A BAND OF GARCIA FOLLOWERS.

Insurgents Retreat—Several Hundred Families are Homeless—Yellow Fever is on the Increase at Sagua—Strikers Getting Ready.

Havana, Aug. 3.—Col. Maroto had a battle with a numerous band of Garcia's followers on the heights of San Miguel, in Matanzas province.

The insurgents retreated to Paula, where their front was attacked by Col. Cabello. After two hours' fire the insurgents abandoned their position and retired, carrying away numerous killed and wounded. They left on the scene nineteen killed. The troops had three killed and thirteen wounded.

Two longshoremen were arrested on board the steamer Marquette on suspicion of being implicated in the carrying of correspondence to the insurgents for the United States and were set at liberty Saturday.

The insurgents have dynamited and destroyed the iron bridge near Morcha, Matanzas province.

The band of Jose Sosa have burned the houses and demolished the plantation of San Francisco, by which 700 persons are left homeless. The houses on the plantation of M. Arza Villar at the colony of Lucia, have also been destroyed, leaving numerous other families homeless. The threat was made to them that they would be killed with the machete if they did not go to the village of Bolondron in Matanzas or return to their farms. It is now reported that at the time the insurgent general, Juan Brunon Zayas, was killed there were also killed by his aide Carlos Macias Solco and several youths, the sons of well known Havana families. It is said that a man named Dubuchet, formerly reporter for La Disension, was also killed. The Spanish troops are said to be using the watches and jewelry of those who fell with Zayas.

Yellow fever is on the increase at Sagua and in the last three days a large number of cases have entered the hospital. Many of the natives are being attacked with the disease. A sergeant and corporal and six men of the garrison of the plantation of Esperanza, in the Sagua district, deserted to the insurgents and assisted in the attack on the plantation of San Francisco. They were subsequently captured by a guerrilla force, but the sergeant effected his escape.

### Report from the Hurricane.

Cincinnati, O., Aug. 3.—Many people yesterday visited the scenes of the hurricane of Saturday in the northern suburbs. The public did not know what a narrow escape the city had. With the wind blowing sixty miles an hour and a rainfall of 2 inches within two hours, the weather bureau says, the city was fortunate in escaping with only property damage. This was due to there being no funnel-shaped clouds, no twisting winds or whirlwinds.

The only death reported was that of Charles Bouhe, who picked up a telegraph wire that had blown into his yard, on the Carthage road. The wire crossed a trolley that was also blown down.

John Hammer of Covington also picked up a wire and was unable to release himself. His condition is doubtful.

Among the others who are prostrated from lightning shocks experienced Saturday afternoon and evening are: Taylor Greenwald, Mrs. Oliver Greenwald, Mrs. A. Ritchie, Harry Starnscheler, Wm. Selzer, John Hillyer, Edward Chaggar, Miss J. Detere, John Brinker, Edward Stagnallier, John Scharrid and Miss Nellie Finn.

The lightning struck hundreds of places in the city. Hundreds experienced severe shocks who were not prostrated. Quite a number of horses were killed in stables that were struck by lightning or blown down.

### Tailors Meet.

New York, Aug. 3.—The striking tailors held a large and enthusiastic meeting yesterday at the Windsor theater. Among the speakers were Meyer Schoenfeld and Joseph Barondson. At the headquarters of the contractors, Leader Benjamin Dnensen said that most of the shops would be open Monday morning. He insisted that the majority of the strikers would return to work during the week. He also announced that many warrants would be issued to-day for the arrest of strikers, who he claimed have indulged in riots.

Seven or eight of the contractors and their friends, it is asserted, have been assaulted by the strikers and additional trouble is feared.

### Striker Appointed.

Roswell, N. M., Aug. 3.—C. W. Haynes has been appointed sheriff by the governor to fill the unexpired term of C. C. Perry.

### A Kidnaping Case.

Pittsburg, Pa., Aug. 3.—Mrs. Whitaker, wife of Frank Whitaker of No. 74 Stanton avenue, New York, was arrested here yesterday in company with Herman Krieger, on a charge of kidnaping Ida Whitaker, aged 10 years.

The child was found in a house on Pennsylvania avenue, where she had been left by Mrs. Whitaker. She says she is undecided whether to go to her father to remain with her mother. Krieger claims to be a well known business man of New York.

### Strikers Getting Ready.

Cleveland, O., Aug. 3.—A startling piece of news in connection with the Brown strike, which comes from an apparently reliable source, is to the effect that the strikers are arming themselves and drilling. It was said yesterday that forty of the strikers had organized a company last Saturday, elected a captain, and purchased revolvers. The company drilled Saturday evening and it was announced that the purpose of the men was to avenge the death of the two men who were shot at different times in conflicts between union and non-union men.

James O'Connell, the head of the machinists' union, who was here in charge of the strike and who helped bring about the settlement under which the men returned to work, came back to Cleveland yesterday. He was very much surprised and chagrined to learn that the men had struck the second time. He said that he believed the company had entered into the agreement with the men in good faith and he was satisfied that the company intended to live up to its agreement in every respect.

### Prayer Meeting Riot.

Porahontas, Ark., Aug. 3.—A prayer meeting at Dalton schoolhouse, in Randolph county, was the scene of a riot Wednesday night. The trouble was precipitated by a comment on the silver question by the preacher, Rev. Jas. Hogart. In the course of his remarks he made some reference to the silver question at which a member of the congregation arose to his feet and protested against the attempt of Rev. Mr. Hogart to mix religion and politics. The preacher made a hasty retreat and in an instant great excitement prevailed.

Some one rushed into the pulpit and assaulted Mr. Hogart; others came to his rescue and in a few minutes a free-for-all fight was in progress. Benches and chairs were overturned, men tore each other's clothes, pummeled each other with their fists and clubs and gouged each other's eyes. When order was finally restored it was found that Hogart had fled during the melee and that while several of the belligerents were badly bruised up, no one was seriously wounded.

The words that started the riot was the minister's remark when interrupted by a member of his congregation and were: "Anybody who will vote for free silver ought to be pitched into hell head foremost."

Li Hung Chang.

London, Aug. 3.—Li Hung Chang, representing the emperor of China, arrived at Southampton yesterday from Havre and was received by various officials of the British government and among others by the manager of the American steamship line. The distinguished Chinese visitor proceeded directly to London, where he was installed in Lord Lonsdale's magnificent mansion in Carlton house terrace, which is to be his residence during his visit in England, which is expected to last about a month. It is announced that Li Hung Chang will only stay for three weeks in England, at the end of which time he will sail for the United States. His departure is thus planned in order to enable him to catch the steamer Empress of China, upon which he will sail for home from Vancouver.

When Li Hung Chang landed yesterday at Southampton a body of American sailors from the American liner St. Paul lined the passage from the steamer to the train.

Church Shooting.

New York, Aug. 3.—A special from Thomasville, Ga., says: Col. James F. Lilly was shot down in the Baptist church at Metcalf, ten miles from here, Sunday afternoon, by John T. Rushin, and in the panic that ensued several women fainting. Rushin stepped to the side of his victim's body and several of the men started forward to seize him, but he waved his pistol at them warningly, and then, taking a razor from his coat pocket, almost severed the prostrate man's head from his body. Rushin then attempted to commit suicide by taking laudanum. He is supposed to have been insane.

Children Buried Alive.

Perry, Ok., Aug. 3.—Saturday evening near White Rock, twenty-five miles northwest of Perry, the 4 and 5-year-old girl children of A. H. Porman were buried in a sand bed. The children dug a cave in a sand hill, and sand caved in, burying both. Two hours afterwards the father dug the children out and found both dead.

The Peanut as a Native of Brazil.

In reply to a question by the editor of the Richmond dispatch the department of agriculture has decided that the peanut is not a nut, and that "the weight of authority seems to be in favor of accepting it as a native of Brazil."

## A RAILROAD WRECK.

### AN EXPRESS TRAIN RUNS INTO AN EXCURSION TRAIN.

The Excursion Train Was Loaded With Passengers—Over Fifty Were Killed and Many Injured—List of the Dead and Wounded.

Atlantic City, N. J., July 31.—A railroad accident, horrible in its details and sickening in its results, occurred yesterday evening just outside of this city, and as a result about 100 persons are either killed or injured.

The Reading railroad express, which left Philadelphia at 5:40 yesterday afternoon for Atlantic City, crashed into a Pennsylvania railroad excursion train at the second signal tower about four miles out from here. The Pennsylvania train was returning to Bridgeton with a party of excursionists from that place, Millville and neighboring towns. It was loaded with passengers and a rough estimate of the killed and injured at a late hour places the number at 100.

It is hoped that this is an exaggeration, but the number is undoubtedly more than fifty.

At the second signal tower the tracks of the two roads diagonally cross. The Reading train was given the signal, but it either failed to work or the speed of the express was too great to be checked in time. It caught the excursion train broadside and plowed through, literally cleaving it in twain. The engine of the Reading train was shattered to pieces.
